

## Ground Source Heat Pump

### Residential Energy Efficiency Rebate Program

#### STANDARD TERMS AND CONDITIONS

Heber Light & Power

31 South 100 West ▪ Heber City, UT 84032 ▪ 435.654.1581 ▪ [www.heberpower.com](http://www.heberpower.com)

Install a ground source heat pump, get a rebate, and save on your energy bills year-round. Ground source heat pumps are among the most efficient HVAC technologies available. They rely on the consistent temperatures of the ground to provide extremely efficient heating and cooling to the home.

### Available Rebates

Equipment Type	Rebate Amount
Ground source heat pump <i>conversion</i> 3/5 COP/15.5 SEER2	\$2,500

### Requirements and Qualifications

- Must be an existing home, not new construction.
- One unit per home.
- Gas, wood heating, and pellet stove conversions do not qualify.
- Minimum 3.5 COP and 16 SEER.
- Ground source heat pump must be new, and AHRI certified at the time of installation.
- Previous primary heat source must have been a permanently installed electric heating system (e.g., electric baseboard, electric furnace, or electric ceiling/wall heat).
- Work must be completed by a qualified HVAC contractor.
- Must submit completed application.
- Itemized receipt or contractor invoice.
- Application must be received within 180 days of installation.
- Must be a Heber Light & Power customer.
